Insert: "NEW SECTION. **Section 2. Legislative findings.** (1) In recognition that the people of Montana have reserved to themselves the individual right to bear arms in Article II, section 12, of the Montana constitution, the legislature finds that both this right and the firearms that the people possess are at serious risk if the people cannot obtain ammunition for firearms. An adequate source of ammunition is an indivisible and essential part of the right to bear arms. The people of Montana are totally dependent upon a very few manufacturers of smokeless propellant, small arms primers, and cartridge cases located in other states for small arms ammunition used in Montana.

(2) The legislature intends to encourage the manufacture of smokeless propellant, small arms primers, and cartridge cases within the borders of Montana to ensure availability of small arms ammunition for the people of Montana and to fully implement the right to bear arms that the people have reserved to themselves. "

(t) income received from the manufacture of ammunition components by an owner, partner, or manager engaged in the primary business of the manufacture of ammunition as provided in [section 4].

(3) A shareholder of a DISC that is exempt from the corporation license tax under 15-31-102(1)(1) shall include in the shareholder's adjusted gross income the earnings and profits of the DISC in the same manner as provided by section 995 of the Internal Revenue Code, 26 U.S.C. 995, for all periods for which the DISC election is effective.

(4) A taxpayer who, in determining federal adjusted gross income, has reduced the taxpayer's business deductions by an amount for wages and salaries for which a federal tax credit was elected under sections 38 and 51(a) of the Internal Revenue Code, 26 U.S.C. 38 and 51(a), is allowed to deduct the amount of the wages and salaries paid regardless of the credit taken. The deduction must be made in the year that the wages and salaries were used to compute the credit. In the case of a partnership or small business corporation, the deduction must be made to determine the amount of income or loss of the partnership or small business corporation.

(5) Married taxpayers filing a joint federal return who are required to include part of their social security benefits or part of their tier 1 railroad retirement benefits in federal adjusted gross income may split the federal base used in calculation of federal taxable social security benefits or federal taxable tier 1 railroad retirement benefits when they file separate Montana income tax returns. The federal base must be split equally on the Montana return.

(6) Married taxpayers filing a joint federal return who are allowed a capital loss deduction under section 1211 of the Internal Revenue Code, 26 U.S.C. 1211, and who file separate Montana income tax returns may claim the same amount of the capital loss deduction that is allowed on the federal return. If the allowable capital loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(7) In the case of passive and rental income losses, married taxpayers filing a joint federal return and who file separate Montana income tax returns are not required to recompute allowable passive losses according to the federal passive activity rules for married taxpayers filing separately under section 469 of the Internal Revenue Code, 26 U.S.C. 469. If the allowable passive loss is clearly attributable to one spouse, the loss must be shown on that spouse's return; otherwise, the loss must be split equally on each return.

(8) Married taxpayers filing a joint federal return in

which one or both of the taxpayers are allowed a deduction for an individual retirement contribution under section 219 of the Internal Revenue Code, 26 U.S.C. 219, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction must be attributed to the spouse who made the contribution.

(9) (a) Married taxpayers filing a joint federal return who are allowed a deduction for interest paid for a qualified education loan under section 221 of the Internal Revenue Code, 26 U.S.C. 221, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(b) Married taxpayers filing a joint federal return who are allowed a deduction for qualified tuition and related expenses under section 222 of the Internal Revenue Code, 26 U.S.C. 222, and who file separate Montana income tax returns may claim the same amount of the deduction that is allowed on the federal return. The deduction may be split equally on each return or in proportion to each taxpayer's share of federal adjusted gross income.

(10) A taxpayer receiving retirement disability benefits who has not attained 65 years of age by the end of the tax year and who has retired as permanently and totally disabled may exclude from adjusted gross income up to \$100 a week received as wages or payments in lieu of wages for a period during which the employee is absent from work due to the disability. If the adjusted gross income before this exclusion exceeds \$15,000, the excess reduces the exclusion by an equal amount. This limitation affects the amount of exclusion, but not the taxpayer's eligibility for the exclusion. If eligible, married individuals shall apply the exclusion separately, but the limitation for income exceeding \$15,000 is determined with respect to the spouses on their combined adjusted gross income. For the purpose of this subsection, "permanently and totally disabled" means unable to engage in any substantial gainful activity by reason of any medically determined physical or mental impairment lasting or expected to last at least 12 months.

(11) An individual who contributes to one or more accounts established under the Montana family education savings program may reduce adjusted gross income by the lesser of \$3,000 or the amount of the contribution. In the case of married taxpayers, each spouse is entitled to a reduction, not in excess of \$3,000, for the spouses' contributions to the accounts. Spouses may jointly elect to treat half of the total contributions made by the spouses as being made by each spouse. The reduction in adjusted gross income under this subsection applies only with respect to contributions to an account of which the account owner, as defined in 15-62-103, is the taxpayer, the taxpayer's

spouse, or the taxpayer's child or stepchild if the taxpayer's child or stepchild is a Montana resident. The provisions of subsection (1)(e) do not apply with respect to withdrawals of contributions that reduced adjusted gross income.

(12) (a) A taxpayer may exclude the amount of the loan payment received pursuant to subsection (12)(a)(iv), not to exceed \$5,000, from the taxpayer's adjusted gross income if the taxpayer:

(i) is a health care professional licensed in Montana as provided in Title 37;

(ii) is serving a significant portion of a designated geographic area, special population, or facility population in a federally designated health professional shortage area, a medically underserved area or population, or a federal nursing shortage county as determined by the secretary of health and human services or by the governor;

(iii) has had a student loan incurred as a result of health-related education; and

(iv) has received a loan payment during the tax year made on the taxpayer's behalf by a loan repayment program described in subsection (12)(b) as an incentive to practice in Montana.

(b) For the purposes of subsection (12)(a), a loan repayment program includes a federal, state, or qualified private program. A qualified private loan repayment program includes a licensed health care facility, as defined in 50-5-101, that makes student loan payments on behalf of the person who is employed by the facility as a licensed health care professional.

(13) Notwithstanding the provisions of subsection (1), adjusted gross income does not include 40% of capital gains on the sale or exchange of capital assets before December 31, 1986, as capital gains are determined under subchapter P. of Chapter 1 of the Internal Revenue Code as it read on December 31, 1986.

(14) By November 1 of each year, the department shall multiply the amount of pension and annuity income contained in subsection (2)(c)(i) and the federal adjusted gross income amounts in subsection (2)(c)(ii) by the inflation factor for that tax year, but using the year 2009 consumer price index, and rounding the results to the nearest \$10. The resulting amounts are effective for that tax year and must be used as the basis for the exemption determined under subsection (2)(c). (Subsection (2)(f) terminates on occurrence of contingency--sec. 3, Ch. 634, L. 1983; subsection (2)(o) terminates on occurrence of contingency--sec. 9, Ch. 262, L. 2001.)"

Insert: "Section 10. Section 15-31-113, MCA, is amended to read:

"15-31-113. Gross income and net income. (1) The term "gross income" means all income recognized in determining the corporation's gross income for federal income tax purposes and:

(a) including:

(i) interest exempt from federal income tax and exempt-interest dividends as defined in section 852(b)(5) of the

Internal Revenue Code of 1986, as that section may be amended or renumbered;

(ii) the portion of gain from a liquidation of the reporting corporation not recognized for federal corporate income tax purposes pursuant to sections 331 through 337 of the Internal Revenue Code, as those sections may be amended or renumbered, attributable to stockholders, either individual or corporate, not subject to Montana income or license tax under Title 15, chapter 30 or chapter 31, as appropriate, on the gain passing through to the stockholders pursuant to federal law; and

(b) excluding:

(i) gain recognized for federal tax purposes as a shareholder of a liquidating corporation pursuant to sections 331 through 337 of the Internal Revenue Code, as those sections may be amended or renumbered, when the gain is required to be recognized by the liquidating corporation pursuant to subsection (1)(a)(ii) of this section; and

(ii) income received by a corporation from the manufacture of ammunition components if it is engaged in the primary business of the manufacture of ammunition as provided in [section 4].

(2) The term "net income" means the gross income of the corporation less the deductions set forth in 15-31-114.

(3) A corporation is not exempt from the corporation license tax unless specifically provided for under 15-31-101(3) or 15-31-102. Any corporation not subject to or liable for federal income tax but not exempt from the corporation license tax under 15-31-101(3) or 15-31-102 shall compute gross income for corporation license tax purposes in the same manner as a corporation that is subject to or liable for federal income tax according to the provisions for determining gross income in the federal Internal Revenue Code in effect for the taxable year."

"Section 11. Section 27-1-720, MCA, is amended to read:

"27-1-720. Liability -- defect in design of firearms or ammunition. (1) In a products liability action, no firearm, ammunition component that was manufactured in Montana as provided in [section 5], or ammunition may be considered defective in design on the basis that the benefits of the product do not outweigh the risk of injury posed by its potential to cause serious injury, damage, or death when discharged.

(2) For purposes of this section:

(a) the potential of a firearm or ammunition to cause serious injury, damage, or death when discharged does not make the product defective in design; and

(b) injuries or damages resulting from the discharge of a firearm or ammunition are not proximately caused by its potential to cause serious injury, damage, or death but are proximately caused by the actual discharge of the product.

(3) The provisions of this section do not affect a products liability cause of action based upon the improper selection of design alternatives."

(6)(f) the business demonstrates an ability to conduct research for the business's phase II proposal under the small business innovative research grant or small business technology transfer grant.
